Arabic

## LATEST PROJECTS

### Premium Glass Bottle Designing, 2024

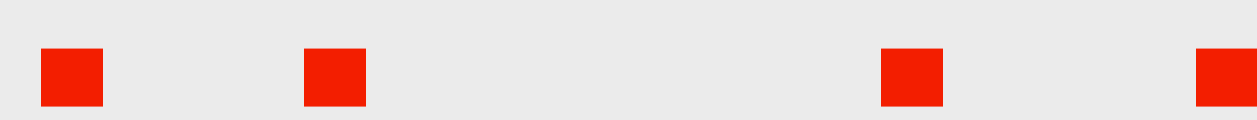

This year long project included user study for packaged drinking water, designing 6 different premium glass bottles for the upcoming brand, prototyping & testing the designs, and finally oversee the manufacturing with leading glass manufacturer in India.

### Texture Development for The Red Sea Project, Saudi Arabia, 2023

Rammed Earth texture development for the Shura Island Project by Red Sea Global based in Saudi Arabia under the Vision 2030 scheme. The total area covered by the project was approximately 14,000 sq.mtrs

### GRC Glass Panel Development for NEOM Project, Saudi Arabia, 2023

Developed glass texturing for the Sindalah Island project by NEOM in Saudi Arabia.

## MATERIAL HANDLING

- Glass
- Natural & artificial clay
- GRC, GRP
- Gypsum
- Wood
- Stone
- Metal
- Resin
- Plastics
- Fabrics
- Model making materials

Note: Always happy to learn more.

## SOFT SKILLS

- Empathy
- Self control & Patience
- Adaptability
- Emotional intelligence
- Ability to work under pressure
- Clear communication
- Resourcefulness
- Creativity
- Foresightedness
